THORNDALE OVER TOP IN VICTORY LOAN

Thorndale has exceeded the Victory Loan quota by $2500, it was reported early Tuesday by Dan Tyson, War Finance Chairman for the county.

The Thorndale bank reported sales of $8,175.75 and the postmaster, V. F. Norris, reported that he had issued $10,687.50 in bonds.

These two figures total $18,826.25 and the quota for Thorndale is $16,740.

Mr. Tyson said that encouraging reports are being received from over the county and indications are that the Victory Loan E bond quota will be reached. This is the last week of the campaign. The Thorndale figures are for E bonds.

JUNIOR CLASS PLAY HERE DECEMBER 11

The Junior Play will be given Tuesday, December 11, at 7:30 p.m. at the high school auditorium with Mrs. C. L. Canady directing.

The play, "Antics Of Ann," is a three-act comedy, which takes place at Lootonka Inn on Lootonka lake in up-state New York, on one August afternoon and evening in 1945.

The story deals with a "Coffee Queen and King", who are competitors, when they meet at a summer resort. The Queen, trying to keep her identity a secret, etc. The mix-up that follows is unscrambled by the "shady young man" who, in turn, causes more complications. The "apple-eating innkeeper" and his efficient wife add humor and provide background for the self-important bellhop. After many laughs and a few tense moments, the third act brings to a close a successful summer resort season at Lake Lootonka.

The characters are: Bennie Bailey, Marjorie Denson, Marilyn Devers, Mary Virginia Hawk, Margaret Horstmann, Hortense Nabours, Melma Swift, Richard Burke, Joe Hawkins, Ladis Marek, Bobby Lee Terry, Denson Tindall, and Russell Wallis.

Mrs. W. F. Crowell of Cameron had two sons to visit her the past week end; Edwin and Cecil W. Crowell, who have returned from overseas service. Mrs. Crowell has two other sons, Ensign James A. and Robert, who served in the Pacific and have recently returned to the States.

Likes Army Life

PVT. GLYNN E. CUMMINGS

Pvt. Glynn E. Cummings was inducted into the service on September 4, 1945. He has completed his basic training, and on December 1st entered Quatermaster's training school .During his basic training he acquired the Sharpshooters medal. After finishing Quartermaster's school he plans to enter training in the Army Air Corps.

During the November 11th holidays, Pvt. Commings spent three days in Washington, D. C., where he met and talked with President Truman, and his Cabinet. He also met members of the White House staff.

Altho Pvt. Cummings is only 18 years old, he says he is well pleased with Army life, and thinks it will be educational as well as interesting. He is the son of Mrs. R. Y. Stedman, who has another son, Cpl. Clarence (Buddy) Cummings, who is now in France, and has been in the ETO for the past two years. Pvt. Cummings is a graduate of Yoe high school.

15 YEAR OLD BOY IS SLUGGED AND ROBBED

Johnnie Barrett, 15 year old boy, was slugged with a whiskey bottle and robbed of $1.50 on Tuesday night of this week as he went to his home on North Houston street.

Johnnie suffered a severe bruise and cut on the right forehead and lay on the ground unconscious for almost an hour after he was hit.

He works at a local hamburger stand and had left his work at 12:05. He reached home shortly after 1 a.m.

SAM RUDDER, JR. DIED IN JAP PRISON CAMP

Pvt. Samuel D. Rudder, Jr., son of Mr. and Mrs. Sam D. Rudder, Sr., born and reared in Cameron community, died in a Japanese prison camp.

In a letter to R. B. Rylander of this city, Mr. Rudder enclosed a clipping of a news story from the Corpus Christi Caller as follows:

Marine Lt. Grady Rudder's long search for his younger brother, Pvt. Samuel D. Rudder, Jr., came to an end yesterday with receipt of a telegram from the War Department.

Sam, Jr., who had been missing in action since the fall of Corregidor, had been the object of a search which led his older brother from a naval center on the West Coast to sea duty and finally to Tokyo Harbor and Yokohama.

The boy's parents, Mr. and Mrs. Sam D. Rudder, Sr., 2920 Keopke street, received the War Department telegram informing them that Sam, Jr., died on Christmas Day, 1942, in a Japanese prison camp. Rudder's father is employed in the city traffic division.

"It is with deep distress that I must inform you that since my telegram August 31, inviting you to submit a message for attempted

YOEMEN YARDAGE FOR SEASON TOTALS 3394

The Yoemen piled up an impressive record of yardage gained during the 1945 football season, it has been desclosed here in a computation record made by Coach Leo Jackson.

These statistics are interesting. Against Killeen the Yoemen were held to 72 yards rushing, and 81 against Taylor. The largest total of yardage was gained off Caldwell, 426.

Here is the table showing the games and gains by rushing and passing:

	Running	Passing
Marlin	347	65
Caldwell	426	113
Navasota	156	20
Georgetown	265	133
Taylor	81	66
Killeen	72	45
Hearne	241	115
Belton	387	60
Rosebud	384	113
Totals	2628	766

WAR MEMORIAL BUILDING PLANNED FOR CAMERON

Included in the post-war plans for Cameron is a memorial building to house a Library, Auditorium and Museum.

The City Council has instructed City Attorney Roy Baskin to draw an election order submitting to the people a proposed bond issue of $232,000 for public improvements recommended by the Planning Board which was named by Mayor Chas. C. Smith in April of 1944.

The Planning Board report was made in early October. Plans for the Memorial Building were drawn by J. E. Johnson, architect. Plans have also been drawn for a proposed Municipal Building to cost approximately $50,000. The engraving of the proposed Memorial has been in possession of The Herald for some time but has not been printed.

Floor plans of the memorial building will disclose the extent and arrangement of the structure. A special room has been set aside as a memorial to house both effects and tributes to the men who gave their lives in war. In this special room the Americanu Legion, Veterans of Foreign Wars and parents of the patriots who died, have a special interest.

On the ground floor of this Memorial will be the auditorium and library. The second story will house the museum and memorial room for the war dead.

Architect Johnson has proposed this building along with the Municipal Building and a Farmers Market. The Memorial Building is proposed to be erected on the east section of the extension of the Central City Park and is a companion building to the Municipal building which would be located on the west section of the city's property. These plans are subject to such change as the city council may deem necessary.

Cameron stands in great need of a down-town auditorium available for public use. Currently the Youth Center movement is being encouraged by the prospect of use of the Memorial building.

The Memorial Building auditorium is planned complete with seating, stage and equipment rooms. Much care was evident in the planning for the Library with its reading rooms and general good arrangement. Like other features of this building, the plan is subject to change.

The basement includes rest rooms and heating equipment together with storage space.

OLIVIA LEHMAN IS HIGH SCHOOL QUEEN

Olivia Lehman of Buckholts was named high school Queen at Yoe High School, the announcement being made at the Carnival held Tuesday night.

Miss Lehman, very popular on the campus, is the first Queen to be elected at the school. The election follows the institution of a new student activity program by Superintendent W. T. Hanes.

Leo Jackson is director of student activities.

Sammie Del Markham was named grade school Queen, also the first to serve as grade school Queen under the new student activity program.

The carnival netted $366.85. These funds are to be used for student activities in both schools. Activity includes Interscholastic League and other programs for which there is no budget item in the regular budget of the school.

Southwestern Life is Buying $10,000 Bond Credited to Milam

S. E. Brogdon, Cameron representative of the Southwestern Life Insurance Company, has received notice that President O'Donnell, has authorized the purchase of $10,000 in United States Government Bonds, in the current Victory Loan drive, to be credited to the quota in Milam county.

Southwestern Life's investment in War Bonds during the current drive will probably exceed 8 million dollars and bring the company's total purchases of government securities up to 73 millions.

Receives Discharge

WALLACE SCHLEMMER, MM 3c

Wallace Schlemmer, MM 3c, has arrived at his home in Cameron. He is the son of Mr. and Mrs. A. L. Schlemmer.

Wallace graduated from Yoe high school in the class of 1940, before entering the service in January of 1943. Before entering the service he was a structural steel worker in Freeport.

He received his basic training at Norfolk, Virginia, and after five months of Ship's Company duty in Camp Perry, Virginia, he was sent to the Aleutian Islands, where he served at Dutch Harbor, Adak, Kiski, and Attu.

Wallace returned home in May for a thirty day leave, and was then shipped to Hawaii, and from there to the Southwest Pacific, where he was finally stationed on Okinawa.

He arrived in Camp Wallace on the 19th of November and received his honorable discharge 68 hours later. He will spend four weeks with his family and then go to his job in Houston.

EDUCATIONAL NEEDS IN CAMERON ARE STRESSED

Public education is at the cross roads in many communities of America and responsible leadership can determine the measure of moral progress succeeding generations make by what it does about the present situation, observed W. T. Hanes, Superintendent of schools in an address to Rotary Wednesday.

Mr. Hanes deplored present salary levels for teachers in the public schools and said that teachers in the Cameron schools are performing their duties because they are patriotic and love the youth of the community. They are not attracted by the salaries paid, he said. This condition has become serious not only in Cameron but in most every other community.

If the Cameron School Board cannot find means to pay adequate, comparable salaries the future of the schools is none too bright. Mr. Hanes praised the community for its school equipment and made an appreciated reference to the magnificent gift of the late Mr. and Mrs. C. H. Yoe of the high school to Cameron. The physical equipment of the school is splendid, he said, but inadequate salaries is making it extremely difficult to get better teachers and upon the faculty depends the maximum of educational advantages for the student.

Mr. Hanes' talk was in connection with the projected youth program in Cameron. It was an inspiring speech with strong, understandable words. The Tenth Generation, a story of two men, one who had and the other who had not the advantages a community should give to every child.

The community has advanced a Youth Program and indications are it will succeed. It will be the first concrete step yet taken to improve social and moral conditions by approved methods of education and entertainment.

Mr. and Mrs. John Gurecky of Marek entertained with a barbecue dinner for the family on Thanksgiving Day. Those present were Mr. and Mrs. Felix Matula and family, Mrs. George Matula, Mr. and Mrs. August Gurecky and Barbara, Mr. and Mrs. Joe Gurecky and Ralph, Mr. and Mrs. Henderson Thompson, Mr. and Mrs. Clem Zarosky, Father Ben Holub, Miss Tresie Picha, and S-Sgt. and Mrs. Taylor Morris and daughter, Emma Jean.

MAYOR PROCLAIMS VICTORY WEEK IN CITY

Mayor Chas. C. Smith has issued a proclamation on Victory Week in Cameron, designating December 2 to December 8, official closing date for the Victory Loan campaign:

"WHEREAS, we the citizens of Cameron have been called upon to bear our share in the Victory Loan Drive, and

"WHEREAS, the success of this vital drive depends upon E Bond purchases and the people of Cameron thus far have not fully responded to the plea that we finish our job in grateful appreciation of the glorious way our fighting men finished theirs,

"THEREFORE, as Mayor of the City of Cameron, Texas, I hereby proclaim the week of December 2nd as Victory Loan E Bond Week and urge each citizen of Cameron to assume this task and buy E bonds.

"Chas. C. Smith, Mayor."

HORACE D. MONROE IS BURIED AT GRANDVIEW

Horace D. Monroe of Grandview, Texas died Saturday night, December 1, 1945, after a long illness.

Mr. Monroe was a former Cameron resident and attended school here, where for many years he taught in the Cameron high school. He was a brother of the late Dr. D. Monroe, and an uncle of the late Dr. Elbra Monroe, and an uncle of Frank Monroe of this city.

Among his survivors are his widow, the former Fannie Cobb, formerly of Cameron, his son, Dana Monroe of Dallas, and several brothers and sisters.

Funeral services were held at Grandview Sunday afternoon, with burial in the Grandview cemetery. Those attending from Cameron were Mr. and Mrs. Frank Monroe, and daughter, Catherine, and Mrs. M. C. Bates.

TAYLOR AND MEXIA TO PLAY REGION GAME

Thursday night in Temple the Taylor Ducks and the Mexia Black Cats will play for the Regional football title.

The Mexia team is coached by Carrol Wood, former Cameron coach. For the second time in a row his team has won the district tittle. Last year he lost to Gatesville for the bi-district and Killeen defeated Gatesville for the regional.

Taylor has won three district championships out of the past four years and went on to win their bi-district and regional titles.

The game in Temple will be called at 7:30. Many Cameron fans were planning to attend. Tickets were placed on sale both in Mexia and Taylor. Reserved seats sell for $1.20. Tickets can also be bought in Temple.

TYPHUS FEVER CONTROL BEGINS IN CAMERON

The campaign to permanently control typhus fever in Cameron and Milam county was under way in this city this week with D. S. Wimberly of the County Health Unit in charge.

The preliminary stages of the eradication campaign was poisoning for fleas. The next stage is the killing of rats. Fleas on rats spread typhus fever.

First results here killed 1000 rats, 250 of them in one building. The new DDT formula 1080 is being used, the most successful poison yet found to exterminate rats.

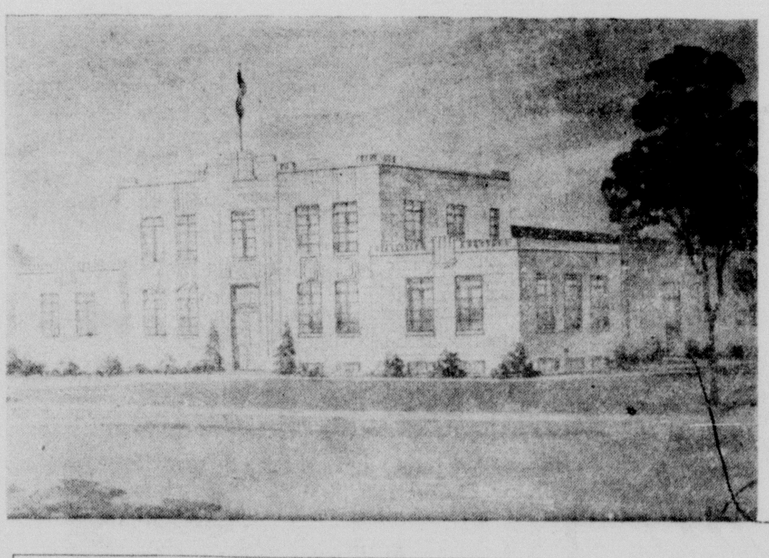
Mr. Wimberly obtained the cooperation of the State Health Department in a permanent program here. Within a few days poison will be distributed in the business district for rats.

Mr. Wimberly is shortly to issue a warning to the people to keep their dogs and cats out of the area to be poisoned.

Webster Giley and daughter, Virgie, of Rockdale visited in Cameron Sunday.

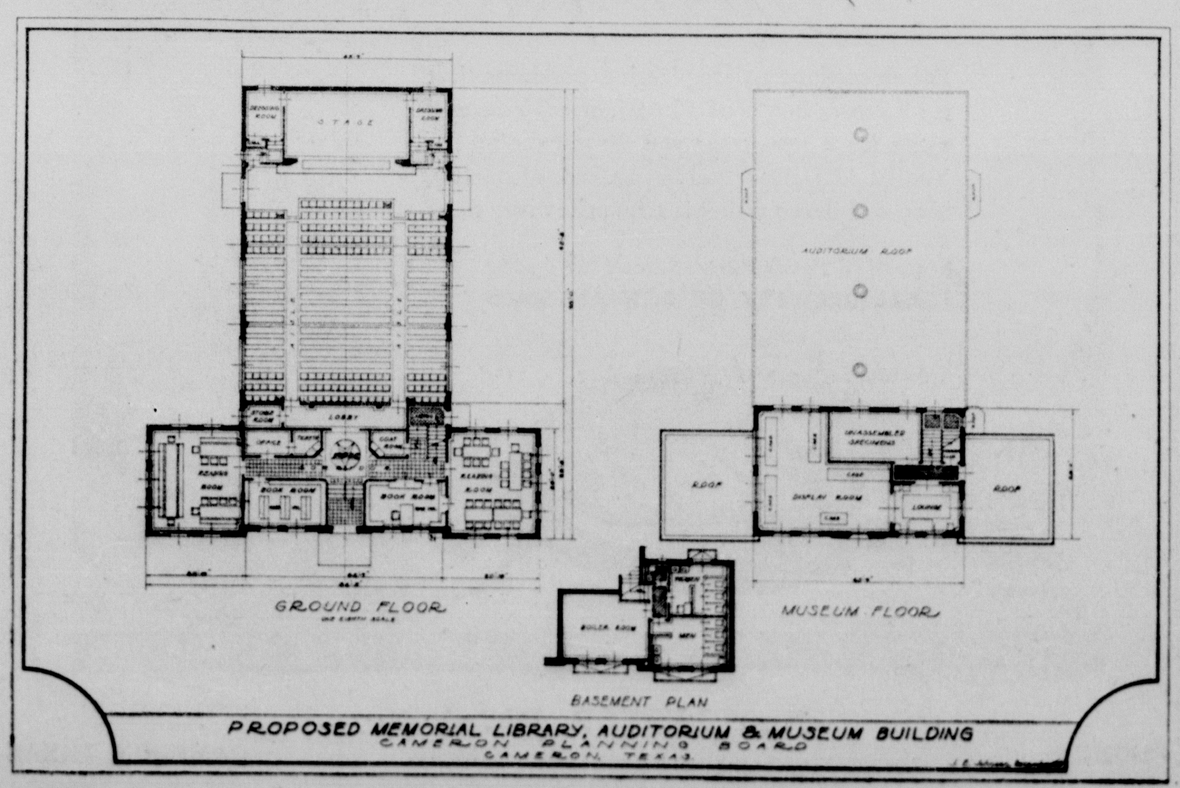
Miss Linda Lee Burke of Waco is visiting her grandparents, Mr. and Mrs. Ray Burke, this week.

Phone us the news item you have.



Proposed Memorial Building

The proposed Memorial Library, Auditorium and Museum building to be dedicated to the men who have given their lives in war and those who served their country in wars. This building, if erected, will cost approximately $40,000. It was recomnedded by the Planning Board. Interested civic organizations are the American Legion and Veterans of Foreign Wars. J. E. Johnson is architect.



Many U. S. Vessels Salvaged by Navy

Clearing Manila Bay One of Largest Undertakings.

WASHINGTON. — Military and naval craft valued at millions of dollars, in addition to an estimated $600,000,000 in sunken merchant ships and cargo, were salvaged during the war, the navy has announced.

One of the last and largest jobs of naval salvage units prior to the Japanese surrender was the clearing of 600 vessels from Manila bay. Many of them had been sunk by American army and navy fliers prior to the Philippine invasion, and others were scuttled by the Japanese.

The Manila bay job began immediately after the Lingayen gulf landings last January and was in full swing within two weeks with 600 men and 60 officers engaged in the task while simultaneously fighting off Japanese snipers who would swim to the wrecks at night to pick off the salvage crews when they returned to work the next day.

The entire navy salvage force numbered less than 2,000 officers and men, but its record was written in North Africa, Italy, France and in the Pacific. Some of the refloated vessels were used again by the army or navy, while others were either blown up or towed out of the harbors to "graveyards."

Operations along the Atlantic and Pacific coasts of the United States were done by a commercial salvage firm, operating under navy direction.

Lt. Warren Brashear Gets 8-Point Buck in The Hills Near Llano

Lt. Warren Brashear, Army Air Forces, hero of more than 100 combat missions, got his first deer Sunday in the hills near Llano.

Lt. Brashear, following his discharge from the air service, took a position with the Grabein Chevrolet Company .

Late last week he went to the deer country. He got his first bag, an 8-point buck. The deer was brought back to the city and the head will be mounted. It was his first deer.

Mrs. Florence Markham shopped in Temple Monday.

SGT. WILBURN DUBOIS IS HOME FROM PACIFIC WAR

Sgt. Wilburn (Jack) DuBois has been discharged from the service after many months in the Pacific. He was a Staff Sergeant and served with a Communications unit. His story is an interesting one but much of it is secret and cannot now be told.

Sgt. DuBois has been at home in Cameron for more than a week. He plans to live here and says that Cameron looks better to him than any place he has seen of late.

When he went overseas Sgt. DuBois first landed in Australia. When the march back to the Philippines began has unit soon moved into New Guinea and then by progressive stages of the roll back of the Japs he went into the Philippines on Leyte a few days after the invasion. His job was communications for the Air Force and they moved in shortly after each invasion to set up communications. Much of this work was secret and each man has been committed to secrecy. "I really knew what was going on," said Sgt. DuBois. "In a way I was very fortunate. I was never in very great danger, although there were times when it looked pretty bad. The Japs were really beaten. Their navy was a joke and their planes were inferior. After the surrender they had some 15,000 combat planes but only half of them were airworthy.

"After our work on Leyte was finished we moved up to Tacloban and of course all of you know about the Philippines campaign. It was a bitter fight. The people of America are fortunate to have had General MacArthur as commander in the Pacific. He is a great soldier. A study of his campaigns will convince you. He always planned the invasions to save men and considering the number we lost very few. One thing he did we will always be grateful for. At the close of the war he began to send the men home. Some of the military disagreed but he thought first of the men and he sent them home over the protests of many."

"We finally got over to Okinawa. Here the fighting was as bitter and costly as any in the war.

"After the Japanese surrender we went in with the occupation forces. We were in the area around Yokohama. The Japs were burned out. The American air force used incendiary bombs because of the construction of Jap cities. The only buildings left standing were the fire-proof ones. When we reached the air field at Yokohama we found the Japs had prepared for a long war. They had constructed miles of tunnels and I imagine they were similar to the construction that our boys found at Metz and other areas held by the Germans.

"We flew over a great many areas of the mainland. The Jap country was a scorched earth. They had moved the women and children out. If we had been forced to make an armed invasion of the homeland it would have been tough. No doubt the atomic bomb speeded victory but I think there were other deciding factors too. The Japs had lost their air force and their navy. They lost Okinawa and when we got there the B-29's were getting ready for the knockout blow.

"You can never trust a Jap. At first there were only a few of us. They were cool and gave us no attention, merely bowing a little. After we got in there in force they seized upon the slightest pretext to help us. Which means they must be controlled by force. Once they are in the majority they would murder and wage war again.

"I feel I was lucky in the war. It was hard to remain away from home and friends so long. This country looks mighty fine and I want so spend my days here," concluded Sgt. DuBois.

Mrs. Johnnie Cabron and children from Robstown visited relatives in Cameron and Burlington a few days.

Noah Earl Barron has received his discharge from the Army after being in service for three years. Twenty-eight months of this time was spent overseas. He was stationed in the Remount in India.

Mr. and Mrs. Elo Brandstetter of Freeport are visiting in the home of Mr. and Mrs. Rufus Reichert.

Mrs. John Kennon and daughter, Mrs. Joyce Berts, and baby of Houston, visited in the home of Mr. and Mrs. Ben Kennon for a few days this week.

Phone us the news item you have.

Charge Reduced and Negro Pays $25 Fine

Tootsie Benson, successful law evader, twice arraigned within the past few weeks, one time for murder, paid a $25 fine in Justice Court here this week for a simple assault.

Benson, operator of a cafe and beer saloon in The Flat, was first booked on a charge of assualt with intent to murder for the razor cutting of James Phillips, another negro, who engaged Benson in a fight after an affray in which a negro woman was involved.

Benson was recently charged with murder in connection with the killing of Clint Lloyd, another negro, in August. No disposition has been made of the case despite the fact two grand juries have been convened and made their reports.

Phillips has left the local hospital and was not seriously hurt when cut with the razor.

LEGION MEET TUESDAY

The American Legion will hold a meeting at the Hut in Wilson-Ledbeter Park Tuesday at 7:30. There will be plenty to eat and drink. All members of the Post are urged to be present.

H. B. Harlan of Branchville was a Cameron visitor Friday.

Mrs. F. J. Howard has returned to her home in Cameron after visiting friends in Waco.

54 Million Jobs Sighted for 1946

Rise in Output of Civilian Goods Seen by Experts.

NEW YORK.—Civilian goods production will aggregate $80,518,000,000 a year by September, 1946, and provide jobs for 54,000,000 workers, the committee for economic development predicted.

Admitting that the United States since 1929 had never had "substantially full employment," the committee nevertheless declared that some of the present gloomy unemployment forecasts "verge on the hysterical."

A two-year study of statistics obtained from 146 manufacturing firms and 158 trade associations, numbering 20,000 members, indicates strongly, the committee stated, that within one year after full resumption of peacetime production the value of annual U. S. industrial output would top by 41.6 per cent the 1939 aggregate of $56,843,000,000.

Business "can and will be good" in the peacetime years immediately ahead, T. G. MacGowan, chairman of the group's marketing committee, told reporters.

The postwar labor force of 60,000,000, of whom the committee expects about 54,000,000 to obtain peacetime jobs, compares with a 1929 labor force of only 48,060,000 workers, of whom but 47,798,000 had jobs.

In 1939, the last year of peace before the outbreak of the Second World war, the labor force in the United States was 54,106,000, of whom 53,737,000 were gainfully employed. Last year there were 52,620,000 workers in civilian jobs and 11,390,000 in the armed services, out of a total labor force of 64,010,000.

Attention was called to the fact that recently many qualified observers have emphasized that numerous workers, women, for instance, and college students who took wartime jobs, will not want work immediately, thereby creating additional job opportunities for war veterans.

"Improved machinery, better methods and continuing increase in the efficiency of the American workmen will make it possible for the production to rise in greater proportion than the number of employees," the committee stated.

But while there admittedly is going to be a large-scale market for American manufacturers in the next few months, "suitable merchandising plans" are imperative if full consumption is to be realized, the committee told businessmen.

Mr. and Mrs. R. L. Lock and family of Knoxville, Tennessee are visiting relatives in Cameron.

"Beauty For All"?

Every woman has been told, "You can't buy beauty in a bottle or a jar," but this new March of Time "American Beauty" points out that each year the American girl spends some billion dollars for lovely smelling soaps, lotions and glamour goo. Many even go to gymnasiums where they carry on the eternal "Battle of the Bulge" in the age-old battle for beauty!

Pfc. Jessie Eaton Home From Service

Pfc. Jessie Eaton of Buckholts has returned to his home after serving 12 months with the Combat Engineers in the European Theatre of Operations. He served with the First, Seventh ,and Twelfth Armies.

Pfc. Eaton arrived by boat on November 26 and received his honorable discharge December 1. He is the son of Mr. and Mrs. John Eaton of Buckholts, who have another son who is serving in the China-Burma theatre.

Miss Doris Stidham accompanied by her friend Miss Cornelia Sample, of Texas University spent the Thanksgiving holidays in the home of Miss Stidham's parents.

Psychiatric Cases Are Returned to Active Duty

FORT CUSTER, MICH.—An army spokesman disclosed recently that approximately 90 per cent of the army's overseas neuro - psychiatric cases were sent back to duty, 65 per cent of them being returned to combat outfits.

Dr. Eli Ginsberg, chief of the resources analysis division of the surgeon general's department, told officers at a three-day army service forces convalescent hospital conference here that only 10 per cent of the men were brought back to this country for treatment. Nevertheless, Ginsberg said, more neuro - psychiatric than medical cases were returned from the Pacific theater from January 1 to June 30 of this year.

Ginsberg said that for every four medical cases and every nine battle wound cases there were two psychiatric cases.

Cupboard's Mighty Bare Here, Britons Advised

LONDON, ENGLAND.—Three visiting congressmen told British reporters recently that the United States "cupboard is getting mighty bare."

The three are Representatives Mundt (Rep., S. D.), Bolton (Rep., Ohio) and Ryter (Dem., Fla.), and are members of the house foreign affairs committee.

A British reporter asked: "Don't you think it was a little rough to end lend-lease shipments so abruptly?"

Mundt, the spokesman, said no, "the war is over."

Mrs. Bolton said she had not seen butter in her home for five months, that sugar was hard to get, meat was scarce and fowl almost impossible to obtain in the United States.

Mr. and Mrs. Henry Havlik and family of Ad Hall were Cameron visitors Wednesday.

We believe that the United States can get along with Soviet Russia but we are not willing to give Moscow everything.

Drunk Woman Pays Fine $75 For Threat To Lives on Highway

Marilyn Agnes Hunter, a Houston woman, drunk and racing her car down highway 36 Sunday between Cameron and Milano, was fined $75 in court here Monday.

Lives of people on the highway were placed in jeopardy as the woman swerved from side to side of the road, finally running her Buick car into a ditch. Being drunk, she escaped injuries. The woman was arrested and charges filed. The maximum penalty is a prison term for drunk driving.

County Attorney Gunn brought the defendant before the court and she entered a plea of guilty, was fined $75 and her driving license revoked.

Returned Negro War Vet Pays Theft Fine

Hubert Whitley, returned negro soldier, entered a plea of guilty to two cases of theft under $50 in county court here Monday, and was fined $58.00.

Whitley took tires and wheels from Father George Duda and Gene Muse. The officers recovered the tires and wheels.

So far as the records reveal no Chamber of Commerce has ever been satisfied with the census figures as to population.

Individual Scoring Record of Yoemen Backs Compiled

Individual scoring records of Yoemen backfield stars for the season have just been compiled by Coach Leo Jackson.

These and other facts about the 1945 season are being prepared for publication. The following table will show the times the backs carried the ball, points after touchdowns and total points the yscored.

T. J. O'Neill, quarterback, was lead ing the field in total points scored and also leads in the yardage gained.

	Td	Goals	Tot.
T. J. O'Neill	10	0	60
R. E .Burke	6	0	36
J. Marek	5	4	34
L. Michalka	1	0	6
E. Laywell	4	0	24
P. Burke	3	3	21
G. Graham	3	0	18
J. Hawkins	1	0	6
A. Gerick	1	0	6
Kunz	0	5	5
Totals	34	12	216

Mrs. R .C. Shelley and children have gone to New Orleans to join her husband where he will receive his discharge from the Navy.

Mr. and Mrs. Cravy Lewis of Houston visited his mother, Mrs. D. C. Lewis of Corinth over the week end.

Mrs. Gledner of Thorndale is visiting her daughter, Mrs. Robert Titsworth.

Mr. and Mrs. Cecil Williams visited her children in Dallas over the week end.

Modern Mutiny and Piracy at Cameron

Mutiny and piracy figure in RKO Radio's mystery-adventure drama, "Johnny Angel," starring George Raft, Claire Trevor and Signe Hasso. Raft, as Captain Johnny Angel, sets out to avenge his father's death at the hands of mutineers who get away with five million dollars in gold. He gets tangled up with Claire Trevor, as an adventuress, before he completes his mission and finds happiness with Signe Hasso in the role of a lovely stowaway. Lowell Gilmore, Marvin Miller, Hoagy Carmichael and Margaret Wycherly are other players.

Judge and Mrs. Kemp are attending the County Judge's and Commissioner's State Convention in Fort Worth.

How women *and* girls *may* get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from this cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion,* thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

LOOK INTO this 2-way help*!

CARDUI

Helicopter Rescues 11 Marooned Fliers

MANCHESTER, N. H. — The dramatic rescue by helicopter of 11 Canadian fliers marooned in Labrador was revealed. The airmen were carried to safety one by one in the helicopter after two other planes had been unable to take off because of slushy ground. The fliers were forced down April 19 on a routine flight.

He Didn't Forget Kiss Given in '99

Woman Receives $500 From Lonely Bachelor.

CHICAGO. — For a kiss she gave nearly 50 years ago, Mrs. Clara Mohr Carcy, 66, of Highland Park, will receive a bequest of $500 from a lonely bachelor who never forgot her.

Mrs. Carcy, now a pantry worker at the Villa Moderne restaurant, 1904 County Line road, learned of the death of her former fiance, Arthur J. Machek, and of his bequest from a Chicago Daily News reporter.

Machek, who died May 7 in Milwaukee, willed the money to Mrs. Carcy "with whom I kept company when we were both 21 years old, in 1899, and who made the only voluntary demonstration of real affection I received in my life, and who gave me the only kisses I ever got."

Mrs. Carcy, her once golden hair streaked with gray, recalled they were engaged to be married. Because of a religious difference Clara broke off the engagement.

She married Frank Carcy, who is a cook at the Villa Moderne. They have a son Lawrence, 25.

But Arthur remained true to his first love. His faithfulness came to light when his will, disposing of a $40,000 estate, was filed in probate court in Milwaukee.

"He said he never loved anyone else," said Mrs. Carcy, who last saw Machek four years ago. "I never valued my kisses that high.

"But I can use the money for my old age. I've worked since I was 11."

Though shocked to hear of the death of an old friend, Mrs. Carcy was not sorry she chose the path she did.

"Arthur and I didn't think alike," she explained. "I've had a happy life."

Dog Trails His Master Across Pacific Ocean

PITTSBURG, CALIF. — Tired of being "the dog he left behind him," Joker, pet of Capt. Stanely C. Raye, U.S.A., formerly of Pittsburg, left home in search of his fighting master.

"I was sitting in my tent when I happened to look up," Captain Raye recently wrote his wife. "An officer came walking down the road. He had a little black cocker spaniel on a leash."

The officer told Raye the dog had been wandering through the camp "as though looking for someone."

"There was no doubt in the officer's mind that Joker was my dog," Raye continued. "He might not have believed me, but he believed the dog when he saw how he acted."

Thirteen wistful days in Pittsburg were enough for Joker. On the 14th day he apparently "stowed away" on a transport, crossed 6,000 Pacific ocean miles, found his master's remote island post by an inexplicable canine compass.

Raye sent a snapshot of himself and Joker. Both looked extremely content.

Bombs Felt by Reich Total 2,453,595 Tons

LONDON, ENGLAND. — American and British planes have dropped 2,453,595 tons of bombs on Germany since the start of the war—more than 315 tons for each ton of explosives loosed on Britain by German bombers or V weapons, it was disclosed.

Allied airmen destroyed 40,822 German planes for a loss of 27,715. The Allies lost 16,552 bombers, 8,001 of them American, and 10,163 fighters, of which 7,165 were American.

The German air force lost 20,574 planes in combat to American fighter pilots, and 12,337 more were shot up on the ground. Nearly 5,000 parked German planes were wrecked in April alone, the greatest single blow of the war against German air strength.

Medal of Honor Given to Father of Slain Hero

WASHINGTON.—Pvt. Elmer E. Fryar, who picked off 27 Japs with a rifle and then gave his life to save his platoon leader, has been awarded the Congressional Medal of Honor.

The war department said the medal will be given to the 21-year-old infantryman's father, George Fryar.

Fryar got his Japs on Leyte last December 8.

Pack of Cigarettes Lost, Plus 200 Pounds of Meat

CHICAGO.—Floyd Miers, a truck driver, was a regretful man.

He looked out his window and saw that his truck, which contained 200 pounds of sausage, ham and frankfurters, had disappeared.

But that wasn't the worst blow, he told police. It also contained a pack of cigarettes.

Mr. and Mrs. Frank Newton ,and Mrs. Stanley Shieffer of Austin, spent Thanksgiving in the Dr. Newton home. Mrs. Shieffer remained a few days longer.

Warren A. Sparkman, editor of the El Campo Citizen in Wharton county, accompanied by S. M. Bailey, made a short stop in Cameron this week.

Mrs. M. B. Shuffield of Belmena visited her sister, Mrs. Allie Shuffield of Houston over the week end.

BIG TELEPHONE CONSTRUCTION PROGRAM

is under way

Telephone service for those waiting is first goal of $53,000,000 project for Texas

The postwar telephone construction and improvement program already has started. It is a $140,000,000 program—of which $53,000,000 will be for Texas—designed, *first*, to catch up with the demand for service, and *second*, to provide telephone users with the most adequate and modern service possible in the years ahead.

Service for waiting applicants

We are making thousands of new telephones, hundreds of miles of cable and wire, and equipment to expand scores of central offices. As facilities become available, we are putting in telephones in proper turn for those waiting.

New telephone instruments are being installed as rapidly as they are delivered, and by the first of the year—or shortly thereafter—we shall be able to furnish service for those w ting in neighborhoods where there already is enough central office equipment and cable to connect their telephones.

The slower, more complicated job of building and installing central office equipment, in the many towns where it is needed, is being pushed. A lot of progress will be made by the middle of 1946, and most of this job should be completed by the end of the year.

Service will be even better

When waiting customers have been served, the job of expanding the telephone system to provide the kind and amount of service people want will get into full swing. These include individual lines and residence extensions. More equipment and the most modern devices also will be added.

Hundreds of miles of long distance lines will be placed in underground cable, and steps will be taken to introduce in some places a system by which operators can dial telephones in distant cities.

In the next five years, we plan to install 165,000 new rural telephones, more than doubling the number of farm telephones in this territory.

The conversion of telephone exchanges from manual to dial telephones will be resumed.

Mobile radiotelephoning — whereby drivers of busses, trucks, and automobiles can talk through the central telephone system—will be developed.

How much? How long?

Besides the $140,000,000 for special construction and improvement, another $100,000,000 will be spent for the normal growth of the business. Several years will be required to complete the entire program.

Box 362. Temple, Texas

"Me... I'm staying in the Army!"

★

THERE ARE PLENTY OF REASONS... AND HERE THEY ARE!"

1 "First, I keep my present grade. That means a lot.

2 "By reenlisting for 3 years I can pick my own branch of service in the Air, Ground or Service Forces, and can go to any overseas theater I wish.

3 "I get my mustering-out pay, even though I'm reenlisting. Also, I get $50 a year reenlistment bonus for each year I've been in the Army. My dependents receive family allowances for the full term of my enlistment. And I'll be eligible for GI Bill of Rights benefits when I get out of the Army.

4 "My food, clothes, quarters, medical and dental care are all supplied to me. And I can learn any of 200 skills or trades in the Army schools.

5 "All of us who are reenlisting are going to have from 30 to 90 days' furlough *at home* with full pay and our travel paid both ways. And we'll have 30 days' furlough every year with pay.

6 "Any time after 20 years I can retire at half pay increasing year by year to three-quarters retirement pay after 30 years of service. And the time I've already served in active military or naval service counts toward my retirement time. *Added up—reenlistment seems pretty sound to me!*"

JANUARY 31, 1946

AN IMPORTANT DATE FOR MEN IN THE ARMY

MEN now in Army who reenlist before February 1 will be reenlisted in present grade. Men honorably discharged can reenlist within 20 days after discharge in grade held at time of discharge, provided they reenlist before February 1, 1946.

You may enlist AT ANY TIME for 1½, 2 or 3 year periods. (One-year enlistments for men now in the Army with at least 6 months of service.)

PAY PER MONTH—ENLISTED MEN

In Addition to Food, Lodging, Clothes and Medical Care

★

(a)—Plus 20% Increase for Service Overseas. (b)—Plus 50% if Member of Flying Crews, Parachutist, etc. (c)—Plus 5% Increase in Pay for Each 3 Years of Service.

	Starting Base Pay Per Month	MONTHLY RETIREMENT INCOME AFTER: 20 Years' Service	30 Years' Service
Master Sergeant or First Sergeant	$138.00	$89.70	$155.25

7 Envelopes Helped Build a Home!

Just seven small envelopes—but they helped Mr. and Mrs. John Smith to build a home of their own.

Each had a label on it, you see, labels that read: 1) Rent, 2) Gas and Electric and Telephone, 3) Food and Laundry, 4) Pocket Money, 5) Clothes, 6) Doctor and Education, 7) Savings and War Bonds. Each week Mr. Smith's pay was divided into each of those envelopes—and, not-as-long-as-you-would-think later, out of that last little envelope came the down payment on a home they financed at this institution.

If all of us did the same, whether we used the "envelope system" or not, we would assure our own and our family's financial security in the postwar world. However we do it, we all should hang on to our War Bonds now, keep on buying our country's Bonds—and add to our bank balance every week.

Kubes-Lesiker Rites At Temple Church

Mr. and Mrs. Vince Lesikar have announced the marriage of their daughter, Margueriet Mary Lesikar, to William N. Kubes, Jr., son of William Kubes of Potter, Nebraska. The wedding was solemnized at the First Lutheran Church in Temple, with the Rev. A. J. Haag reading the single ring ceremony. Relatives and a few close friends witnessed the ceremony. The altar was decorated with white chrysanthemums and fern.

The bride wore her mother's wedding gown and veil. The dress was of ivory pure silk crepe back satin, fashioned into a tunic over venetian lace. The skirt was gathered full, and was worn over sheer Chinese silk. The yoke and sleeves were made of the lace, and caught to the tunic with silk French knots. Her full length veil was of French net, caught at the crown with a tiara of orange blossoms. As her ornament, she wore a gold bracelet and matching necklace belonging to her mother. She carried a shower bouquet of orchids and lillies tied with white satin ribbons.

The bride's mother wore a brown velvet dress trimmed in metallic lace, with matching accessories, and a corsage of gold mums.

Sgt. John Wallace of Florida, served the groom as best man.

Mrs. Kubes was born and reared in Cameron. After her graduation from Yoe High School she attended TSCW at Denton, and received her degree. She taught in the Buckholts high school for one year. She then entered school at Dallas where she was prepared for her present work, as counsellor at Camp Hood.

Mr. Kubes recently received his honorable discharge from military service, where he served four and a half years, two of which was spent in the South Pacific theatre of operations. He is now employed at Camp Hood where the young couple will make their home.

Local Naval Hero is On His Way Home

Augustus C. Johnson, StM1c, USNR, son of Mr. and Mrs. L. J. Johnson, of 704 N. Orchard ave., Cameron, is on his way home.

Johnson is one of over 300 high-point Navy veterans whom the "Magic Capret" is bringing back to the States aboard the U.S.S. DIPHDA.

The U.S.S. DIPHDA—one of more than 250 carriers, battleships, cruisers, and attack transports in the Navy's famed "Magic Carpet" fleet—left Okinawa, November 14, and is scheduled to arrive in San Francisco about December 1.

Passengers will go directly to the Separation Centers nearest their homes to complete the formalities of obtaining their discharges before returning to civilian life.

Richard Ellison of Baileysville visited in Cameron Friday.

Mrs. Ike West and Susie Mathews shopped in Temple Friday.

Harlan Culpepper Is Coming Home After 35 Months in Pacific

Harlan L. Culpepper, carpenters mate, third class, of Cameron, is on his way home to become a civilian again. He is one of the thousands going through the Pearl Harbor naval demobilization center headed for the States.

His father is J. L. Culpepper, also of Cameron.

There the men are assembled and placed into groups bound for the various separation centers scattered throughout the country. When shipping space is available, they go aboard, and soon they're on their way.

The Staging Center at Pearl Harbor has mushroomed from a few barracks to a 240-acre tract which now includes hundreds of buildings. It can now handle 2700 officers and 12,500 enlisted men. The veterans are given every chance for rest and relaxation. There are athletic fields and recreation huts, and a huge new laundry has been established so the returning sailor need do no scrubbing himself while at the center.

Culpepper has earned the right to become a civilian after serving 35 months in the Navy.

Phone us the news item you have.

Raymond Shelly Gets Advance in Rank; Now On Ship in Tokyo Bay

ABOARD THE USS BOXER IN THE YELLOW SEA (Delayed) — Raymond C. Shelly, pharmacist's mate, first class, Route 1, Cameron, and Elias C. Reyna, coxswain, 1034 Ruiz st., San Antonio, have been advanced to the rating now held while serving on this aircraft carrier.

Men of the Boxer, now aiding occupation forces, recently had a chance to view Tokyo Boy before being assigned to this area off northern China.

The ship's squadrons provided air cover for Marines put ashore earlier in October at Teintsin and Tsingtoa to aid Chinese troops in disarming surrendering Japanese.

Lt. Homer Chambers left Thursday night for Virginia where he will enter school. Mrs. Chambers and baby will live here for the present.

Owen Stidham, Hazle Richards, James Brock, and Loretta Polansky spent Thanksgiving day in Burnett, Austin and San Antonio.

Mr. and Mrs. Willie Fulton of Grand Prairie spent Thanksgiving with her parents, Mr. and Mrs. A. N. Weems.

Pt. Sullivan Bridge Opened to Traffic

Traffic has been resumed over the Port Sullivan bridge across the Brazos river in Milam county.

Chas Nabors, who has been making frequent trips to Bryan to see the State Highway Engineer there, reported Friday that the bridge has been reopened. To restore this bridge was quite an engineering feat, said Mr. Nabours.

The bridge was closed following the spring floods in the Brazos river.

George Miller, Pr3c, who is stationed at Oceana, Virginia, is here on a few days leave.

Corporal James W. Barrett has received his discharge from the Army after being overseas for eighteen months. He and his wife and baby visited his parents, Mr. and Mrs. Jim Barrett, in Cameron over the Thanksgiving holidays.

Mildred Cryer of Austin spent the Thanksgiving holidays at home with her parents.

Lillie Ann Jekel is spending the Thanksgiving holidays with her grandfather in Lancaster.

Miss Gladys Godwin of Bryan is home on her vacation visiting relatives.

What the RAILROADS mean to your Community

The story of any community is the story of the railroad that serves it. For the pattern of progress has always followed the path of the steel rails.

Not merely growth in population, but growth in the American way of life depends on this living network along which flow the agricultural and industrial products of a great nation.

Southern Pacific serves 989 communities in Texas and Louisiana with over 4,337 miles of rails. In the early days it helped bring growth and success to the towns along its lines. As the road prospered, so did the towns. Last year the payroll of the more than 18,000 Southern Pacific employees in these two states was $49,891,407.00. This, together with the taxes paid by the railroad, contributed materially to the economic stability of these communities.

With the agricultural position of the Southwest fully established, S.P. is now doing its share to help develop the newly discovered industrial possibilities of this region.

Although its present all-important job won't be completed until all of our service men are home, Southern Pacific is even now planning for the future. With the advent of peace is coming inevitably a great surge of industrial progress in the Southwest. Strengthened and improved by its war job, Southern Pacific will be an important factor in the continuing progress of the communities of these two great states.

Martha E. Skinner to W. G. Ryan 189 acres of the M. Davilla grant, $1.00.

RUDDER

(continued from page one)

transmission to your son, it has been found that Pvt. Samuel D. Rudder, Jr., died Dec. 25, 1942, while a prisoner of war of the Japanese government," E. F. Witsell, acting adjutant general of the Army, wired. He added that a letter will follow immediately.

Born October 6, 28 years ago, in Cameron, Sam, Jr., was graduated from Yoe High School in Cameron. Later the family lived in Hearne for a time before moving to Corpus Christi in 1938.

A sister, Katherine Ruth, is a civilian employee at the Naval Air Station there. Lt. and Mrs. Grady Rudder expect to arrive in Corpus Christi from their home in California early next week.

Find That Japs Turn Cannibals On Luzon Wilds

Revolting Evidence Found Of Inhuman Acts by Jungle Stragglers.

LUZON.—Strong evidence of cannibalism among isolated Jap stragglers was reported by members of an American patrol returned from the heart of the Sierra Madre mountains.

Officers told of finding one Jap soldier's body mutilated after leaving it unwatched for an hour. They said one of two prisoners taken on their grueling six-day trek pleaded he surrendered to escape the same fate.

The revolting evidence was reported by Capt. Charles Yust of Batson, Texas, who commanded the mountain expedition of 200 38th division troops and 300 Filipinos and Lt. John Banton of Ronceverte, W. Va.

Mutilated Bodies.

"I was leading an advance patrol of 30 men moving along a river when we spotted five Japs," said Yust. "We killed four. The fifth escaped into the jungle but lost his pack and food. When we returned to the four bodies about an hour later, we found that the skin had been peeled from the thigh of one of the dead Japs—a large piece peeled downward from the thigh."

Col. William E. Lobit of Galveston, Texas, regimental commander, said: "There is no organization among scattered Jap groups, even for self-preservation. They don't even share what food they have, but hide it from their comrades."

Yust reported 62 Japs killed on the mission and said many appeared to be still in good health, although usually undernourished. Five in one group had American K rations, which he believed probably were retrieved from a misplaced parachute drop.

Wept When Given Food.

Yust disclosed that one prisoner entered camp, hands aloft, dropping to his knees and bowing. He said the man cried in gratitude after being given food and first aid, telling an interpreter he never was treated so well by his own army.

A second prisoner, English-speaking and self-confident, said Japan would win the war if it had such rations.

Actually, the Japs encountered an American group far from well-fed on this particular mission because planes were unable to penetrate clouds to drop supplies.

The patrol carried rations for only three days. On the fifth and sixth days many men had only half of one meal of canned ration for a full day. Rain and river-wading added to their discomfort.

Lt. William Gray of Jonesboro, Tenn., said: The Japs were eating bamboo roots and I was beginning to wonder how I was going to like 'em."

Crime Rose 8.4% in Year, Survey by FBI Reports

WASHINGTON. — The Federal Bureau of Investigation reported recently an increase of 8.4 per cent in crime from January to July compared with the same period last year.

A survey by the FBI based on statistics from 392 cities of more than 25,000 population showed these increases:

Murder and non-negligent homicide, 4.3 per cent; 9 per cent in rape, 10 per cent in robbery, 11.3 per cent in aggravated assault, 12.1 per cent in burglary, 7.9 per cent in larceny, and 4.6 per cent in automobile theft. On the other hand, negligent man-slaughter declined 1.6 per cent.

A comparison of records covering crime in cities of more than 100,000 population for the first six months of the prewar year, 1939, with the same period of 1945 showed an increase this year of 46.2 per cent in aggravated assault, 35.7 per cent in rape, and 14.5 per cent in automobile theft, the report added.

Nose-Gunner No More, Skunk Is Bomber Pet

PRATT, KAN.—Mascot for one B-29 bomber crew at Pratt army air base is P. U. Flyaway—a defumed skunk.

Popularly known among the crew members as "P.U."—others are inclined to view him a little doubtfully—Flyaway has 43 hours flying time.

The crew had hoped to take the little non-stinker into combat over Japan.

"We would love Flyaway even if he weren't deodorized," said Capt. John A. Maksimiuk, skipper.

His Timepiece Didn't Stand Still on Trolley

CHICAGO.—Dr. David P. Boder, a psychiatrist, reported to police the loss of a memorial watch he had had 20 years. He noticed it was missing after alighting from a crowded streetcar.

Six hours later John Kelly called the doctor at home and said he had found the timepiece, inscribed with Boder's name, hanging to his coat button. A fraternity key on the chain had looped the button, pulling the watch with it.

One of these days we will take a long vacation; it will begin with a slow walk.

We don't experiment with your radio—we repair it—you pay less for your service. Any make radio.
Parma Radio Service.

There is every reason to believe that the feminine idea of modesty has changed.

Hard work won't kill you but worry will; now just keep on worrying.

The U. S. may be slow to get into war but it is fast on getting out.

What's the use to worry about weighty issues—Congress is in session.

Who was it that said that the Japs would sacrifice ten million men before surrendering?

FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine

People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure herbal medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up at nights". A carefully blended combination of 16 herbs, roots, vegetables, balsam; Dr. Kilmer's contains *nothing* harsh, is *absolutely* non-habit forming. Just good ingredients that many people say have a *marvelous effect*.

Send for free, prepaid sample TODAY! Like thousands of others you'll be glad that you did. Send name and address to Department A, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Offer limited. Send at once. All druggists sell Swamp Root.

"American Beauty"—$1,000,000,000

Returning GI's enthusiastically tell you that your American girls are the finest in the world. According to the latest March of Time, "American Beauty," they should be, for it costs them just some billion dollars a year to maintain their lovely look. The fabulous Antoine de Paris (left, above), whose coiffures are famous on two continents, is in constant demand, while cosmetologists (lower, right) like Laszlo of New York (whose fees are the highest in his field) readily concede that beauty is an expensive luxury. And women, the film shows, are perfectly willing to pay high prices for the thrill of being analyzed and fussed over by an exotic specialist with his own formula for beauty. . . . For the girl with real spirit, there are gymnasiums where she can carry on the eternal battle of the bulges: every school seems to have its followers, and the film shows that beauty aids are available for every purse. But the ultimate goal—personal satisfaction, more than repays the cost.

THE ELECTRIC KITCHEN *of your dreams!*

A GREAT DAY'S COMING . . . and soon. Reconversion to peacetime manufacturing is bringing closer the day when you may again obtain electrical appliances . . . improved refrigerators, sweepers, ranges, dish-washers, laundry units, garbage disposal units, coffee makers, toasters . . . and all the others. These appliances are the basic ingredients in the recipe that makes your Electric Kitchen click!

There's something extra fascinating about the Electric Kitchen! It combines precision, beauty, charm, economy . . . and gives you maximum freedom from drudgery. Its work centers are planned to save time and energy. The automatic features of the appliances and their efficiency, combined with the low cost of your TP&L Service, top off your pleasure in having the "kitchen of your dreams!"

Remember, the Electric Kitchen is flexible . . . it can be installed a unit at a time. Plan *your* Electric Kitchen to fit your needs and to suit your budget. Also, remember that "just around the corner" is not far off.

KEEP a Scrap Book of Ideas for your new Electric Kitchen . . . you'll find it grand for future reference!

TEXAS POWER & LIGHT COMPANY

Fights Polio

SISTER ELIZABETH KENNY

Sister Elizabeth Kenny, the heroic woman whose treatment has virtually eliminated the crippling after effects of polio, will intensify her fight against this disease in Texas during the coming year. A campaign is now underway to raise a Texas quota of $250,000, every cent of which will be used to fight infantile paralysis.

State headquarters are at the Driskill Hotel, Austin, and is headed by George C. Francisco, Jr., of Houston. Governor Coke R. Stevenson has named Saturday, Dec. 8, as Sister Kenny Day in Texas.

Mr. and Mrs. Ike West are visiting friends in Grosebick.

Mrs. Tonie Vogelsang of Burlington shopped in Cameron his week.

Phone us the news item you have.

TAYLOR DUCKS VICTORS OVER LAMPASSAS TEAM

As predicted the Taylor Ducks ran away with the game Tuesday night in Taylor winning over the Lampasas Badgers 33 to 7.

In a scoring spree, Sanders, ace of the Duck backfield, scored five touchdowns. He also scored two which were called back. The Lampasas Badgers scored one touchdown in a double reverse play that sent Lancaster skirting the Taylor right end. The score was tied in the first quarter.

Taylor will now play the winner of the Gatesville-Mexia Bi-District game for the regional title. Taylor will win.

Private Owes His Life to K-Rations

LONG BEACH, CALIF.—From now on K-rations, which he always abhorred, are going to look pretty good to Pvt. Gerald B. Ashburn of Texas. They saved his life on Luzon. When a Jap shell exploded five feet from him, a large pack of K-rations on his back partly broke the force of the shell fragments.

Operation During Gale Saves Life

Surgeon and Helpers Work Under Difficulties.

WASHINGTON.—John Peter van Roon, 18, fireman 1st class of Washington, has returned to sea duty because the navy believes in caring for its own.

His experience began on the eve of his 18th birthday, the navy said. His destroyer escort, on Atlantic convoy duty, was bucking gales that caused ships to roll 40 and more degrees.

Van Roon felt ill and reported to sick bay. Lt. Joshua B. Camblos, Medical Corps, Asheville, N. C., and Chief Pharmacist Mate John Cake, Philadelphia, found he had appendicitis.

They began treatment but the appendix ruptured.

Preparations for an emergency operation were made and the ship was given permission to leave formation to steer a smoother course. Emergency battery lights were set up, protection against possible power failure.

The operation required an hour and a half of major surgery with the attendants having difficulty keeping a firm footing. During a particularly heavy roll, even the table shifted from its secured foundations.

The operation complete, Van Roon was secured in a bunk next to the sick bay and pharmacist mates maintained a 24-hour watch.

During the more than a week required to reach port, Van Roon exhausted the ship's supply of 1,400,000 units of penicillin and 12 quarts of intravenous fluid.

Blind Lead Blind; 'Eye' Dog Proves Sightless

CORAL GABLES, FLA. — The old adage claims that "if two blind men help each other along a road, they both fall into a ditch."

The adage, however, takes no consideration of a blind man and a blind dog, especially if the dog is a "seeing eye dog" but nevertheless sightless.

Joe Yates, courthouse cigar stand operator, and former city councilman, is part of such a twosome.

Yates, who is blind, has for many years been inseparable from a large German police dog named Pedro. Pedro has been trained at "The Seeing Eye Inc.," Morristown, N. J., to act as a guide for Yates.

Recently Pedro suffered a heart attack and was given the services of a veterinary. The "Dog Doctor" took one look at Pedro and informed Yates that Pedro might have been a "Seeing Eye Dog" but nevertheless was sightless and had been so for a long time. Large cataracts had grown over both eyes but the dog had such a sharp sense of smell and such fine hearing that he had no trouble in leading his master.

Youths Steal Airplane, Forced Down, Out of Gas

FAIRMONT, MINN. — Two crestfallen but uninjured 15-year-old boys surrendered to police and confessed the theft of an airplane which they admitted had been wrecked when they made a forced landing near Jewell, Iowa, 75 miles north of Des Moines, when they ran out of gas.

The plane, formerly the private property of Gen. George S. Patton of the 3rd army while he was stationed at Fort Benning, Ga., was sought after Arthur Stade, its present owner, reported it missing from the local airport.

First news of the craft, a three place Stinson valued at $3,500, was brought by the boys, who hitchhiked from the scene of the wreck, approximately 125 miles from Fairmont. The boy who acted as pilot had had seven hours of flight training.

Police said the boys would be released to their parents.

Interior of Church Is Wrecked by Vandals

LOUISVILLE.—Dr. Oscar R. Keller, pastor of the West End Christian church, reported to police that vandals had caused thousands of dollars damage to the church's interior. The cross and a picture of Christ were torn from the walls. Parts of the organ were shattered, the pulpit and some pews were overturned, light fixtures were smashed and switches torn from the walls.

Imperiled Family Saved When Marbles Turn Loose

COLFAX, WASH.—Fire started by a short circuit threatened the Oscar Steiger home while the family slept. Flames reached a cotton bag of marbles. The bag burned, the marbles rolled down stairs, and awakened the family. They put out the fire and went safely back to bed—all thanks to a few marbles.

COTTON GINNING REPORT

Census reports from the Department of Commerce, Bureau of the Census in Washington, shows that 15,694 bales of cotton were ginned in Milam county from the crop of 1945 prior to November 14, as compared with 16,271 bales for the crop of 1944.

Society "Like a Pyramid"

To the German, society looks like a pyramid. He himself is but one of its bricks, supporting another one and in turn pressing down upon the brick below. He is quite happy in his cringing and clicking of heels before thase in a relatively higher stratum; he is equally happy when bellowing commands to those below him.—Emil Ludwig.

Carols Replace Heathen Songs

Carols, it is said, were early introduced by the clergy in England from Italy, probably soon after the Norman conquest, as a substitute for the Yule and Wassail songs of the heathen origin, which, until then, had been in use among the vulgar.

Christmas carols were in dance measure at first. The word carol comes from "corollt," a ring, because the song was for a ring dance.

Management's Mistake

Management's mistake has been an error of omission. In a day of economic soothsayers bellowing from a variety of stumps, management has elected to make silence a virtue. Management must learn to speak up.—Ira Mosher.

Strong at Home and Abroad

The United States Government believes that the stronger we can make the inter-American system in its own sphere of activity, the stronger the world organization will be.—Edward R. Stettinius.

NOW'S THE TIME

FOR RECORDING HISTORY THAT HAS JUST BEEN MADE

The Milam County World War II Book is underway. We are trying to make it a complete historical record of all Milam County men and women who have been honorably discharged or who will continue to serve in the Armed Forces. We need your cooperation in making it complete.

Here's All You Do

Bring Any Type Picture of Your Service Man or Woman to

TEXAS POWER & LIGHT CO.
CAMERON, TEXAS

Our Representative will file your pictures and make the Service Record write-up. Pictures are returned untrimmed.

The Milam County World War II Book will be similar to a high school annual, being bound in a beautiful blue Levant grain cover. It will contain nothing but pictures and service record write-ups of Milam County men and women. No advertising.

These historical books have been published in fifteen other Texas counties. Copies are on display at the above location. See how the Milam County book will look

TAHOKA PUBLISHER ON VISIT TO CAMERON

Frank Hill, publisher of the Lynn County News at Tahoka, was in Caberon Friday to spend the day with his old friends, Mr. and Mrs. W. T. Hanes. Mrs. Hill accompanied the publisher. With the superintendent of schools here they formed a party and attended the Texas-A&M game at College Station, Thanksgiving Day.

Capt. Truett Cooper of Tahoka, veteran of the fighting in the Pacific, was also in the party. He is a graduate of A & M. Capt. Cooper, with the First Cavalry, led the first troops in Tokyo and had been briefed for the invasion of the Jap mainland when the surrender came. General Douglas MacArthur issued orders for the First Cavalry to lead one of the assault waves as a gratification to General Wainright, an old Cavalry officer, who at that time was still hidden away in a Jap prison camp in Manchuria.

Mr. Hill, a successful publisher, was president of the Tahoka School Board while Mr. Hanes was superintendent there.

Mr. Hill is a member of the Board of Directors of the Museum at Canyon and was interested in the Indian collection and fossils at The Herald plant. He said Cameron should build a museum to preserve these historic materials. Rich fossil beds have been discovered in Lynn county and prehistoric Bison bones are being unearthed.

Survivors Service Men With SS Claims Urged To Apply at Once

Survivors of deceased servicemen who worked in employment covered by the Social Security Act prior to their entrance into the armed forces were urged to contact the nearest Social Security Board field office by Dave Pruitt, manager of the Austin field office.

"In addition to any benefits payable from Was Risk Insurance, there may also be some payment from the Old-Age and Survivors Insurance system," Pruitt stated. "These payments," he continued, "can be made if the worker (the serviceman or woman) was insured under the Social Security plan, particularly if the deceased is survived by minor children. since monthly payments continue until the youngest child reaches age 18".

"Delay in filing the claim after notice of death is received may recult in loss of benefit by the survivor," Pruitt added.

O. C. Nolte of Ben Arnold was a visitor in Cameron this week.

CAMERON, TEXAS

Select Yarrellton 4-H Member as Gold Star Girl of Milam County

Elba Jean Colburn, 13, of Yarrellton 4-H club has been selected as Gold Star girl of Milam county for 1945. Doris Nell Jungmann was second.

Judges of girls work were Mrs. E. H. Foster, Council Chairman, and Mrs. Dudley Currey, Bethlehem club member.

Following is a summary of Elba Jean's report of three years club work:

The first year, Elba Jean was president of her club. Here she learned precedure in conducting a business meeting. That year she made three garments from feed sacks and helped care for poultry. She also helped with yard work and helped her mother can fruits and vegetables.

The second year of club work, Elba Jean was clothing demonstrator. She kept an expense account of her clothing, made five articles of clothing and re-arranged her closet and chest of drawers more conveniently. She also learned to patch and darn, and continued to help with chickens, gardening, canning, and yard work.

This year Elba Jean has been orchard demonstrator. She put out fifteen fruit trees, 12 peach and 3 pear, and has helped to keep the orchard clean. She also helped her mother can 30 pints of jellies and preserves, about 40 quarts of fruit, and 33 cans of tomatoes. Elba Jean reports that she grew twelve different vegetables in her garden, and helped can 97 containers of food from this garden.

She continued with her clothing work, making five garments and piecing a quilt top with scraps left from these garments. She also learned to care for her clothes.

As other work, Elba Jean was given a heifer calf two years ago, and a gilt pig last year. She cared for these, and this year has sold a calf and sixteen pigs.

Elba Jean completed all her club goals each year she has been a club girl. She reports she has not missed a club meeting or encampment since she became a club girl and attended 4-H Council the two years she was club president.

She writes, "I have enjoyed my three years of club work very much. I know they have taught me much and I have profited greatly from my association in the club."

Mayor E. A. Camp of Rockdale transacted business in Cameron this week.

Read the want ads each day.

Pigeon Brassieres to Be Cut Out Hereafter

PHILADELPHIA. — The army has cancelled contracts for pigeon brassieres.

The signal corps revealed it had so informed a brassiere manufacturer who made bands of lace to be bound around the birds to prevent their injury when carried in paratroopers' pockets.

3 Choose Death To Imprisonment

They Were Caught When the Japs Invaded Moro.

NEW YORK. — Three American civilians chose death to imprisonment when the Japanese invaded the rich Moro island citadel of Jolo on Christmas eve, 1941.

Most prominent perhaps was J. Scott McCormick, an American educator who spent many years in the Philippines and played an important role in establishing American educational methods there. In 1941 McCormick gave up his government post in Manila and came to Jolo to help educate the Moros. He was made superintendent of schools. The Boy Scout movement was a pet interest of his and McCormick became Boy Scout commissioner for Sulu and Mindanao.

When it was plain the Japs intended landing a strong force on Jolo, Moro teachers implored their American "superintendent" to run away. They promised to sail him to a distant island where he could hide among friends.

But McCormick refused. On the day of the Japanese landing he dressed himself in full Scout regalia. Then he went to Jolo high school and set his papers in order. Again teachers begged him to leave but the superintendent said he would not desert his post.

He left the schoolhouse with a few Moro friends and returned to his home. It was there that the Japanese soldiers found him.

When they broke in the door they found McCormick standing proud and erect, without a weapon. His khaki Boy Scout uniform which he had chosen for his last hours proved a death warrant. The Japanese riddled him with bullets.

Perry Macklan, an American planter, met death quite differently.

When invasion became imminent, Macklan provided his wife and children with food, and sent them to an old Moro stronghold in the mountains. He stayed behind.

Two days later the Japanese sent two small landing craft loaded with soldiers to Macklan's place. As they streamed ashore they were met with a fusillade of small arms fire. Six Nipponese died before Macklan was killed.

The third American, Antoni Frakian, also a planter, never left the streets of Jolo. When the first Japanese soldier approached him, Frakian spit in his eye. He was immediately shot.

Heroic Pup Gives Life To Save Two From Fire

CHICAGO. — Edwin Lederer, 27, of 4245 Augusta blvd., owes his life and that of his 17-month-old daughter, Alvaline, to their pet collie puppy, Doo-doo.

When fire spread through the rear of the three-story brick building, Lederer was awakened by the dog's barking and smelled smoke. He snatched the child from her crib and ran down the front stairway to safety from his top-floor apartment. Eight other persons escaped from the building.

Lederer then attempted to re-enter the burning building and rescue Doo-doo, but was restrained by firemen.

Later the dog's body was found among charred debris on the back porch. He apparently died of suffocation.

Lederer, whose wife Laverne, 22, gave birth to a girl recently at the Illinois Masonic hospital, said:

"We're sure going to miss that puppy. He was only three months old, but he saved our lives."

Hires Taxi to Take Him To River Bank for Suicide

NEW YORK. — A man who identified himself as Elmer Sayre, 21, a discharged veteran, was held for observation at Bellevue hospital recently after hiring a cab to take him to the East river so he could jump in.

Cabbie William Donegan said Sayre hopped into his taxi and said:

"Drive me to the East river. I want to jump in." Then his fare asked him, Donegan said, "Is the East river good and deep?"

Donegan said, "Sure," as he pulled up in front of a police station.

Wave of Nazi Suicides Follows Potsdam Decree

NEW YORK. — The French radio, quoting the Stockholm Tidningen, said publication of the Potsdam communique in Germany has been followed by an "enormous wave" of suicides.

The broadcast said 1,200 persons took their lives in Berlin in on week.

Leipzig had 600 suicides, Hamburg 458, Frankfurt "a larger figure" and Cologne 300.

Sgt. Carl N. Fikes Home From Europe; Was With 3rd Army

Sgt. Carl N. Fikes, communications technician, with the Third U.S. Army under General George S. Patton, is home with his discharge after more than 18 months in the battle zones of the European campaign.

Sgt. Fikes reached the city Friday. He has served 39 months in the army. His outfit of 190 men handled all the communications for the entire Third Army. Sgt. Fikes saw the war in its bitterest stages and has lived to tell his story.

Sgt. Fikes will be interviewed early next week and his experiences will be printed in The Herald.

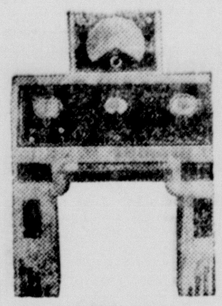
Lilac Over the Top In Victory Loan

Lilac community has gone over the top in the Victory War Loan it was disclosed here Friday by Val Nemec, chairman of the loan forces there.

The community has done a fine part by the war. The recent quota of $950 has been over subscribed.

Mead Miller of Temple with the Liquor Control Board, was a visitor here Monday.

Mrs. Henry Pilling of Elm Ridge was a Cameron visitor this week.



Hemovitameter

SPECIAL HEATLH CLINIC

Starting Friday, December 14th and continuing through Saturday, December 15th.

Do You Want Better Health?

If you aren't feeling up to par, if you are really ill, if you have searched everywhere for relif without success . . . Iet science help you out.

Here's a brand new, scientific, almost magic radionic discovery that aids in finding the cause responsible for your trouble. You will know what your trouble is and how to correct it. Your blood pressure will be taken. Your heart and lungs will be examined. There is no pain, no surgery. You will be checked for dietary deficiencies and told what they are. You get a REAL physical examination scientifically—with the Hemovitameter.

Dr. M. Y. Lewis, expert technician with the Hemovitameter Co., Denver, Colorado, will be here for this special scientific clinic.

Car Owners Report:

PREWAR PERFORMANCE AND BETTER FROM U. S. ROYALS

Since Pearl Harbor "U. S." scientists have made as much progress in applying synthetic materials to tire manufacture as had been made in the previous three decades with natural rubber.

Result—car owners are sending in reports from every section of the country that they are getting prewar performance *and better* from their U. S. Royals.

From tire dealers, tire service men and tire engineers, men who have made tires their life work, the evidence piles up—U. S. Royals are out in front in mileage, in safety, in all-round performance.

★

Follow this plan to get your U. S. Royals:

- Go to your U. S. Royal Dealer today for a thorough tire inspection.
- If you are in urgent need of new tires, he will show you how to get them at the earliest possible moment.
- will use his expert knowledge of tire care to keep your car on active duty until new U. S. Royals are available.
- The quickest way to get new U. S. Royals is to register your tire needs with your U. S. Royal

YOUTH CENTER OFFICERS NAMED TUESDAY NIGHT

Youth Center activities progressing here with encouraging speed, led Tuesday night to the election of officers and plans for a program which will meet expectations and give the city its first major facility to provide better entertainment for the young people.

Parent-Teacher Association is the organization which has led out in the program. Joining in are the American Legion, Lions Club and Rotary Club.

The central purpose of the movement is to provide a better social atmosphere for the young people and entertainment of approved high standards. In leading out with this responsibility civic and social leaders of the community are adhering basically to the proven need for such an organization, aided by the experiences of other cities throughout the country.

Mrs. Dan Collins was named chairman, and Mrs. Grady Stidham, vice chairman, both from the Parent-Teachers Association. George Childress and L. Van Perkins of the American Legion; Chas. Brady and Bert Nicholson of the Lions Club; J. R. Hays and Chas. M. Hicks from the Rotary Club, make up the official board. W. T. Hanes was named secretary of the board.

The building now being used for USO activities will not be available after March 1 ,1946. A committee, J. R. Hays, Mrs. Stidham and L. Van Perkins will meet with the school board next week to ask for use of the school gymnasium.

While the meeting was in progress an entertainment was being held for the youth with Lucile Monroe, Shirley Horstmann, Mrs. Wiese and Mrs. Hubert Nance, as hostesses. Another party is planned for Friday night.

Chas. M. Hicks, county superintendent, has advanced a suggestion which may lead to a weekly entertainment for rural youth who will have buses available to come to the gymnasium and return home.

The movement contemplates social influence for those of the teen age groups as well as others approaching adult age, especially the boys who are coming home from the wars. The Youth Center is not sponsored as a school organization, nor by any group or organization, but a community-wide social enterprise which has grown out of friendly interest among the grown ups in the young people and to give Cameron adequate and wholesome entertainment for those groups who are soon to take on responsibilities in adult life.

German Ordnance Had 94 Mile Shell, Yanks Find

CHICAGO. — In examining German secret weapons, army ordnance experts have discovered a new type of ammunition designed for ranges of 94 miles, according to Col. John Siezak, chief of the Chicago Ordnance district.

Investigators have uncovered a German - developed gun about 32 inches in diameter and capabe of firing a 5-ton shell.

Ordnance officers, conducting investigations at Hillersleben and Bad Blankenburg, large German research centers, also found a projectile which, though fired from a gun, becomes rocket-propelled after leaving the gun.

Scientists Are Planning To Check on Atomic Bomb

WASHINGTON. — U. S. scientists who developed the atomic bomb plan to investigate the wrecks of Hiroshima and Nagasaki as soon as possible after American occupation of Japan, it was understood recently.

They are eager, it was believed, to determine the truth or untruth of Jap reports that fatal radio-activity lingered at Hiroshima for weeks after the first atomic bomb exploded over the city August 6.

Rhine River Has Been Made Navigable Again

WIESBADEN, GERMANY. — The Rhine river is again navigable, United States army headquarters announced.

Col. John B. Hughes, deputy director of the transportation division of the United States group control council for Germany, said the immediate effect would be to relieve the coal situation and allow wheat to be moved to the flour mills on the Rhine.

NEGRO GETS 5 YEARS FOR BURGLARIES HERE

Ivery McKinney, charged with burglary of business houses in Cameron on the nights of August 30 and 31, was tried and given a 5-year sentence on Tuesday.

McKinney will serve five years. He was convicted in five cases and the sentences run concurrent. He entered a plea of guilty through his attorney, H. S. Beard of Waco.

He has been delivered to the penitentiary to begin his sentence.

Mrs. Lottie Bigbee and Mrs. Martha Sheppard spent Thanksgiving and the weekend in Waco with Mesdames Frank Thomas and Gus Westmoreland.

We repair any make or model radio.

LEON DAM REPORT IS DUE BY JANUARY 1

A U. S. Army engineer report by Jan. 1 of the proposed $7,000,000 dam on the Leon river was promised board members of the Brazos river conservation and reclamation district at a meeting in Mineral Wells.

Other important projects discussed were the dams at De Cordova bend in Hood county, Leon and Lampasas and Bell county, and inspiration point and Turkey creek in Palo Pinto county.

The board, headed by President George G. Chance of Bryan, was told by R. D. Collins of Mineral Wells, manager of the district organization that application had been made to the federal works agency in Fort Worth for $75,000 to be divided evenly for engineering fees on each of the five dams under construction.

Louis P. Merrill, regional conservator of the soil conservation service, Fort Worth, said surveys halted by the war would begin on the Little river and North Concho river watersheds as soon as funds and personnel become available.

The board approved easements for the Texas Electric Service company, to build lines into Possum Kingdom State park to serve 176 campsites. It also granted easements, pending legal approval, to the Erath County Electric Cooperative to build 150 miles of lines to serve both the east and west sides of Possum Kingdom lake. The rural electrification administration recently allocated $150,000 for this work.

Officers were re-elected to serve two years. They were President Chance; Vice President Milton E. Daniel, Breckenridge, and Secretary William Hallmark of Dublin. Collins was re-elected as manager.

Three new board members were presented, including: A. N. Denton, Waco, succeeding W. W. Callan, also of Waco; Fred Brown, Eastland, succeeding the late F. E. Harrell, Cisco, and Hunter P. Harris of Fulshear, succeeding H. B. McCrary of Richmond.

The board's next meeting will be at Freeport, Jan. 28.

Mrs. Mamie Laird had as her guests for the Thanksgiving holidays ,her sister-in-law, Mrs. B. C. Brady, and son, Lt. B. C. Brady, Jr., from Port Arthur.

Mrs. Alvin Nolte has gone to San Antonio where she will meet her husband who recently returned from overseas duty, and is now stationed at San Antonio.

Mrs. Dana Monroe has left for San Antonio where she met her husband, Lt. Dana Monroe, who has returned from 38 months of overseas duty. Lt. Monroe is the son of Mr. and Mrs. Frank Monroe.

Cpl. J. K. Elliott Arrives Home

Corporal J. K. Elliott, son of Mr. and Mrs. N. M. Elliott, has arrived in the States and reached his home a few days ago. He received his discharge on Saturday, December 1.

Cpl. Elliott has been in the service for three years, and spent 28 months in the China-Burma-India theatre of operations. His unit was awarded the Presidential citation, and he wears one bronze battle star and the Good Conduct medal. Cpl. Elliott attended Yoe high school. His brother, Cpl. Ernest Elliott, served 18 months in the European theatre, and has also received his discharge.

And Drug Stores Everywhere.

Judge Jeff Kemp, Joe D. Bass, and Grady Allen, surprised Clyde Hensley with a visit Thursday night. They enjoyed the evening playing 42. Mrs. Hensley served refreshments.

Mr. and Mrs. Louis D. Kubecka, and daughter, Kay Evelyn, from Kansas City, visited in the home of their parents, Mr. and Mrs. V. A. Kubecka, on November 29 and 30. They attended the Texas-A&M game Thursday and returned to Austin Friday, where they will make their home. Mr. Kubecka will be engaged in business for himself. For the past four and one-half years he has been employed by North American Aviation, Inc. and was Chief Tool Deigner for the Kansas Division of this company.

SOLDIERS MAY RETAIN GRADE ON ENLISTMENT

Colonel Jean Edens, commanding officer of the U. S. Army San Antonio Recruiting District which comprises 63 counties, announced today that soldiers may still reenlist in their grade.

Colonel Edens stated "There has been much publicity concerning the deadline of November 21 for men discharged on or after May 12, 1945 reenlisting and keeping their grade that I think there should be some clarification made to the effect that any soldier may still reenlist in his own grade." The only requirement is that a soldier in order to keep his stripes must enlist within 20 days from the date of his discharge, in which the soldier may reenlist in the highest grade, temporary or permanent, he held at the time of his discharge."

The age limits for enlisting or reenlisting are from 17 through 34, unless, due to length of service, men may reenlist if they are over 34 years of age. 17 year old men must have the consent of their parents or guardian.

Sgt. L. N. Gunn and Sgt. R. W. Vanderplow, of the United States Army will be in Cameron, at the Chamber of Commerce rooms on Friday, December 7, 1945 from 2:00 to 4:00 p.m. to talk with men who wisn to enlist.

In Temple, Texas, the U.S. Army Recruiting Station is located at 15 East Central Avenue.

Service Record Book For Milam County to Be Published Soon

A service record book in World War II for Milam county is soon to be issued by the Universal Publishing Company.

These record books are historically valuable and are being issued in many counties in Texas. Photos of the men and women who served in the armed forces are published with a short sketch. There is no charge for publishing these photos. The book will sell for $3.50 a copy and it will be placed on the market.

At present a representative of the publishing company is at Texas Power & Light Company to receive these photos and data.

Cpl. Quarles Lee Cooper spent the week-end in the home of his aunt and uncle, Mr. and Mrs. R. B. Craddock. While in the army he spent nineteen months overseas.

WHITLEY-THORPE

Miss Stella Whitley became the bride of Richard L. Thorpe at 12:30 Sunday afternoon, December 2, 1945, at the home of Judge and Mrs. Jeff Kemp, with Judge Kemp reading the double ring ceremony.

Mrs. Thorpe is the daughter of Dave Whitley of Batte Town, and the groom is stationed at Camp Hood. His home is in California.

Mr. and Mrs. Elmer C. Gunn and daughters, Beverly Jean and June, visited their parents, Mr. and Mrs. Ed Gunn, Sunday.

Viola Harrington And Chas. J. Brown Are Married in City

Mrs. Viola Harrington became the bride of Chas. J. Brown in the home of Judge Jeff T. Kemp, who performed the ceremony, at 6 p.m., Saturday, December 1.

The double ring ceremony was used. The bride was beautiful in velvet maroon, with black and white accessories and wore a flower head dress.

Mrs. Lula Hickman and the bride's four-year-old daughter, Charleene, were present for the ceremony.

Mrs. Harrington, the daughter of Mr. and Mrs. Cage Terry, was born and reared here. The groom, born and reared at Sharpe, has been engaged in business here for some time and is widely known. They will make their home in Cameron where Mr. Brown plans to open a new business, having recently sold his station.

Mr. and Mrs. Weldon Black of Port Arthur are spending the week end with Mr. and Mrs. I. N. West.

Mr. and Mrs. Walter Plocek and Mrs. DeForest and daughter, Royce Marie, are visiting in Cotulla and while they are on the visit, Mr. Plocek will go deer hunting.

Miss Earline Angell of Freeport has been visiting her parents, Mr. and Mrs. Earl Angell, of Hoyte.

Mrs. Lucy Wiliams spent the week end with her daughter, Mrs. Henry Miller, at Milano.

Clem Zarosky and Mrs. Johnnie Zarosky and daughter, Mary Ella, are visiting relatives in Granger.

Read the want ads each day.

Poor old Santa's had four pretty discouraging Christmasses. All over the world, the boys away from home . . . all over the world their families missing them like anything.

No matter how hard he worked at presents to cheer them up, the one present that everyone in the world wanted was PEACE. And there wasn't much he could do about that.

When 1945 dawned, Santa sat at the North Pole looking down over the scene of battle . . . watching and praying, like everybody else. He breathed a sigh of relief on VE Day. But that triumph was tempered by gloomy predictions on the length of the Japanese war. And then—like a bolt from the blue—came VJ Day. The war was over!

So Santa rolled up his sleeves and went to work—to make this the best Christmas in the memory of man!

And Santa's assistants at Penney's have been working like beavers to provide the things that will complete this merriest of Christmasses with gay, useful, welcome presents! Maybe not everything that everybody wants, but certainly enough for a wonderful Christmas!

PENNEY'S

PLAN FLUES FOR VENT HEATERS

When putting ideas down on paper for that new home you are going to build, FLUES for VENTING the new gas heating equipment should be among the first considerations. For only when equipment is vented to a flue are wall sweating and stuffy air eliminated. It's the modern, healthful way to heat your home.

You **VENT** *to prevent wall sweating*

You **VENT** *to prevent stuffy air*

Lone Star Gas Company recommends *Vented* floor furnaces, *Vented* gasteam radiators, *Vented* circulators, *Vented* central furnaces and *Vented* all-year gas air conditioners. So be sure necessary flues are shown on your building or remodeling plans.

VENTED HEAT
costs little if any more

Even the builder of modest cottage can afford the finest automatic natural gas heat if flues and equipment are planned and installed as part of house. In this way, the heating system is financed as part of total house cost. Spread out over a period of years it amounts to very little each month.

Lone Star Gas Company

Sugar-Saving Treats for After School Cookie Raids

Cookie jar raiders will award you "E" for excellence as a cookie baker when after-school forays produce these tasty and wholesome treats.

This new sugar-saving recipe utilizes corn syrup to extend your precious sugar supply. Cocoa, again available on grocers' shelves, provides the favorite chocolate flavor.

Nutritious oatmeal, nut-like in flavor, supplements the small quantity of nuts . . . now so expensive . . . required in this recipe.

CHOCOLATE OATMEAL DROPS

(Makes 4 dozen cookies)

Time: 12 minutes
Temperature: 375°

½ cup shortening
½ cup brown sugar
½ cup corn syrup
1 egg
1 teaspoon vanilla
1¾ cups sifted flour
½ teaspoon salt
½ teaspoon soda
½ teaspoon baking powder
½ cup cocoa
½ cup milk
1½ cups Quaker or Mother's Oats (quick or regular, uncooked)

1. Cream shortening; add sugar gradually and cream well.
2. Add syrup and beat until mixture is light.
3. Beat in egg until fluffy; add vanilla.
4. Sift together flour, salt, soda, baking powder and cocoa and add to creamed mixture alternately with milk.
5. Add rolled oats.
6. Drop from a teaspoon onto greased baking sheet and bake in moderate oven (375° F.) 12 minutes.

H. B. McClellen, J. A. Henderson, Joe Brandenburg, Joe Richter, Hubert Nance, Walter Plocek and Emmett Streetman, 11th District Commander of the American Legion, attended the farewell banquet for Col. Rubin in Waco Wednesday night. They report about 350 present.

Irma Pilling, who is nursing at King Daughter's Hospital, is spending the week end with her parents at Elm Ridge.

Willie B. Elliott and Willie Mae Folschinsky shopped in Waco Thursday.

Opportunity Offered Army Enlistees to Attend Officers School

The opportunity to attend Officer's Candidate School is now being offered to regular army enlistees, it was announced by Lt. Ted Lewellen, Temple Recruiting officer. Any enlistee may, after the completion of nine months active service, apply for O.C.S. providing he meets the necessary qualifications.

A young man who enlists in the regular army today is also given the opportunity of being selected for appointment to West Point. More than sixty per cent of the present plebe class at West Point are former members of the armed forces, the recruiting officer said.

Sixteen year olds are now being accepted by the regular army providing they have the written consest of their parents or legal guardian. Men eighteen years of age who have registered with their local draft boards and who have not yet been called into active service, may also volunteer for the army. In doing so, Lt. Lewellen pointed out, these young men are entitled to all the educational benefits being offered by the G.I. Bill of Rights. In other words, at the termination of a three year enlistment these men are eligible for four years of college education paid by the government. Under the Army's new twenty year retirement plan no better life-time security can be found. For instance, a seventeen year old who enlists today, may retire at the age of 37 in the grade of Master Sergeant for $89.70 a month for the rest of his life or at the age of 47 in the same grade for $155.25. Think of it young men, besides the guarantee of an early retirement and life-long income, you are also being offered the many advantages of govenrment sponsored travel, education, and career!

Discharged veterans, who reenlist not later than twenty days after their date of discharge, may still keep their rank and they are also entitled to a reenlistment bonus and paid furlough along with all other advantages currently being offered.

Write or visit U. S. Army Recruiting Station, 15 E. Central avenue, Fletcher Bldg. Temple, Texas.

Gause Man Fought in Pacific War; Now is Bringing Men Home

Ben White Phegley, pharmacist's mate, second clas, USNR, Gause, served during the war on the attack transport USS BARNSTABLE which saw action from Guadalcanal to Japan, and which is engaged at the present time in serving with the "Magic Carpet" fleet, helping to return high-point veterans to the States.

More than 250 aircraft carriers, battleships, cruisers and transports have been assigned to the "Magic Carpet" fleet, which is picking up prospective dischargees from various points in the Pacilif.

The BARNSTABLE, while assigned to occupation tasks, made two runs to Japan from Sept. 20 to Nov. 1, the first from Lingayen Gulf, in the Philippines, to Wakayama, Honshu, and the second from Mindanao, Philippines, to Hiro Wan in the Kure area or Honshu.

Lt. Bud Rose visited his wife and daughter, Linda Ann, over the holidays.

Ladis Novotny is spending a few days with his sister, Mrs. Conrad Jekel.

NOTHING BUT THE FINEST - Blended with Skill, Honesty and Experience

THIS BLEND of Coffee Makes Every Meal a Celebration

A RICH ROBUST MAGNIFICENT AROMA

The test of a coffee's freshness can be made in that first whiff of aroma you get on opening the package. If it's room-filling in its fragrance, as it is with every pound of Admiration, it's really fresh. That's why we emphasize aroma in our blend. We put the distinctive aroma into Admiration first through scientific selection of coffees for blending and secondly through special roasting. Once there it's there to stay until released into your cup. Small wonder then that a freshly brewed cup of better-tasting Admiration puts you in a celebrating mood. It's the coffee thrill of thousands.

Admiration Coffee

Luxurious Flavor in Every Cup

Larger Tillage On Less Farms

Census Bureau Reports Rise In Midwest Planting as Homesteads Drop.

WASHINGTON. — Farmers in the Midwest, the major agricultural region of the United States, are cultivating 10,000,000 more acres than five years ago, but the actual number of farms is decreasing, the 1945 agricultural census taken by the bureau of census, department of commerce, showed recently.

The farm acreage in the 12 great livestock and grain-producing North Central states has grown to 263,256,379 acres since 1940 in the 684 counties so far reported out of 1,056, a gain of 4 per cent, the bureau said.

However, there are 49,096 fewer farms in the region including Illinois, Indiana, Michigan, Ohio, Wisconsin, Iowa, Kansas, Minnesota, Missouri, Nebraska and North and South Dakota. This is a decrease of 3.8 per cent from the 1,283,357 farms reported five years ago.

Thus the average size of farms increased 8.1 per cent from 195.7 to 211.6 acres.

Larger Farms.

The increased size of farms is attributed by census officials partly to the absorption of smaller farms, largely because the North Central states have extensive farm lands planted in crops favorable to mechanized farming, and somewhat because of the shortage of farm manpower.

The greatest decrease in the number of farms was in Michigan. A loss of 3,152 farms, or a decline of 7.1 per cent from 1940, was reported in 41 counties of the 83.

South Dakota counties showed the greatest increase in farm acreage, an addition of more than 3,300,000 acres, or a gain of 10 per cent.

Percentages of decrease in the number of farms and increase in farm acreage, respectively, for the other states, follow:

Iowa, 0.5 and 1.0; Kansas, 6.6 and 3.2; Minnesota, 3.3 and 1.7; Missouri, 2.2 and 4.8; Nebraska, 6.0 and 1.5; North Dakota, 5.8 and 8.0; Illinois, 3.3 and 1.9; Indiana, 3.4 and 1.4; Ohio, 2.7 and 0.3; Wisconsin, 4.2 and 3.2.

Acreage Increased.

Nationally, in the 2,000 counties now reported out of 3,097, the number of farms declined by 41,702 or 1.1 per cent from 3,759,199 in 1940. Farm acreage increased 7.5 per cent, from 642,574,412 acres five years ago to the present 690,611,506 acres. Increase in size of farms was 8.7 per cent, from 170.9 acres to 185 acres.

Farm acres in use in the state of New York has increased by 822,389 since 1940 while farms have also increased by 1,143, according to a report from 26 of the 62 counties.

New York and Maine were the only states in the Northeast showing a tendency toward larger farms, the survey showed.

Both Massachusetts and Rhode Island topped New York in percentage of farm increases, each showing a 28 per cent gain as compared with New York's 1.9, but the Empire state's total of 60,035 farms still was peak for the nine states covered in the survey. The state's 6,548,665 acres of farmland also was high.

Jap Slightly Mixed on Who Used Atomic Bomb

WITH 38TH DIVISION, NORTHERN LUZON, P. I. — "Have you heard about the atomic bombs being used in the war?" American officers asked Japanese Lt. Col. Shizume Sushimi at a mountain surrender conference.

"Where did we use it against you?" the enemy officer asked eagerly.

"You must have your signals crossed," one American told him. "We were the ones who used it."

The Japanese colonel seemed dumbfounded, Maj. Richard Jeffers, Terre Haute, Ind., related, and told the Americans he understood Japan had such a weapon nearly perfected when he left the homeland.

Alien Political Units Restricted by Swiss

ZURICH.—The Swiss government drastically restricted the activities of all foreign political associations in this country in a move apparently designed to prevent the formation of groups like the German Nazis and Italian Fascists.

A governmental decree banned all open-air meetings and demonstrations and the use of uniforms by all political groups formed by foreigners.

The decree also stipulated that Switzerland would not permit any interference in its domestic polfcies by these groups.

Sleeper Is Fanned For Fair; Sues High

DALLAS. — L. T. Erwin has iled suit against a Dallas hotel for $43,275 damages. It seems Erwin awakened to find a ceiling fan in bed with him.

The fan fell from the ceiling and landed on Erwin's stomach. He suffered bruises to his body and dignity, he said.

Besides, it woke him up.

HOLD-UP

(continued from page one)

The attack occured just off the business district on North Houston.

Discussing the attack Saturday morning Johnnie said: "I was walking along the street and heard someone who seemed to be running toward me. As I looked around he hit me and I fell. I did not know anything after I was hit for some time. I finally gut up, but could not walk very well, but got home to report it to my parents. I think he was a white man, a young man. He was about a head taller than I am. He had curly, black hair, I think, and wore a red shirt. I did not see his face. It may have been covered with something. After he hit me I tumbled to the ground and did not remember anything more until I got up an hour later and started home."

Johnnie was struck with a whiskey bottle. He said the bottle was broken by the blow. When he got home his parents, Mr. and Mrs. James Barrett, Sr., picked the glass from the wound and bandaged his head. He was not seriously injured.

When Johnnie regained consciousness he discovered his pockets had been rifled and $1.50 was missing.

Johnnie has three brothers, one of whom, Cpl. James Barrett, an overseas veteran, has just been discharged from the service. James Barrett, Sr., father of Johnnie, operates a truck for the Dr. Pepper Bottling company.

CHRISTIAN SCIENCE SERVICES

"God the Only Cause and Creator" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, December 9.

The Golden Text is: "Thus saith the Lord that created the heavens; God himself that formed the earth and made it; he hath established it, he created it not in vain, he formed it to be inhabited: I am the Lord, and there is none else" (Isaiah 45: 18).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I, even I, am the Lord; and beside me there is no saviour" (Isaiah 43:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is the divine Principle of all that represents His and of all that really exists" (page 272).
